In Memory Of Ben

This Life is harsh and bitter; it takes away from us the Best and Leaves behind chaos and disaster. Our thoughts become confused, Feelings become mixed. It is Unpredictable. No person can be prepared for the consequence. We become warped and twisted, staring blankly into forgotten time. Each of us has been torn, A memory implanted into every mind. Someone so great could not be forgotten. Never did he hurt anyone. Never harsh words spoken. He did not deserve a heart broken. We will miss him dearly. Time will crawl on by ever so slowly, but the memory of you will forever remain with us. For all the good times, We thank you Ben. You will never leave us. Your spirit will always be here and your beautiful face will always guide us. It will strengthen us. And to know that your life was ended doing what you loved best could be the most we could ask for. May You Rest in Peace –Love James Tesoriero

God will hold you in his heart;

Alex, Justin, Louise, Carmel and Peter

If love was a raindrop,

I'd send you a shower. If hope is a minute I'd give you an hour. If happiness is a leaf, I'd give you a tree and If you need a friend you will always have me!
What a life to take, What a Bond to Brake...I miss You! I love You!
Homeroom will never be the same without seeing your smiling face!

Dear Family,

My Dearest Sympathy is with you at this time and I am praying for you everyday. Ben's the most amazing person I have ever met. He was nice to everyone, and he never missed an opportunity to say hello or ask you how your day was going. It was great to be able to share some of my time with him. I believe he had a blessed life, and though he is gone, his spirit lives forever and I will never forget his beautiful life. With Love and Sympathy,
Rachel Knight

Miss You Lots Ben

"Starlight" (Words from Muse Song a song enjoyed by Ben)

Far away
This ship is taking me far away
Far away from the memories
Of the people who care if I live or die

Starlight
I will be chasing the starlight
Until the end of my life
I don't know if it's worth it anymore

Hold you in my arms
I just wanted to hold
You in my arms

My life
You electrify my life
Let's conspire to re-ignite
All the souls that would die just to feel alive

But I'll never let you go
If you promised not to fade away
Never fade away

Our hopes and expectations
Black holes and revelations
Our hopes and expectations
Black holes and revelations

Hold you in my arms
I just wanted to hold
You in my arms

Far away
This ship is taking me far away
Far away from the memories
Of the people who care if I live or die

And I'll never let you go
If you promise not to fade away
Never fade away

Our hopes and expectations
Black holes and revelations
Our hopes and expectations
Black holes and revelations

Hold you in my arms
I just wanted to hold
You in my arms
I just wanted to hold
Always in My Heart Ben,
May your memory be forever in all hearts. And may your positive life live in all of us.
